

ACKNOWLEDGEMENTS

First of all, I would like to express my greatest gratitude to the almighty ALLAH SWT for the love and guidance so that I can finish this thesis. This thesis is dedicated to my dearest parents Ali Lating and Musdalifah, my sisters and brother Fadil, Faidah, Fidiah and Fadzri. I thank so much for never ending support that they have given to me during the research and in my life.

Second, I would to express my deepest gratitude and respect to my supervisor Ibu Dra. Istutik, Ak, MM, CA, CPA as the examiner for the guidance and meaningful advices so I can finish my thesis.

Third, I would like to deliver my thanks to my beloved friends Tefani, Novita, Rizal, Amalia, Rizky, Shinta, Hana, LJC, and Danco Group, their unconditional love and endless support in my entire life and study.

And the last I want to deliver my gratitude for all people around me who has contribution and supported me to finish this thesis.
